Sean made the motion to approve the September minutes. Keith seconded and the motion passed unanimously.

The group decided upon an agenda for the November meeting. Before then, the group decided to include all additions to the town plan (flood resilience, affordable housing, etc.) into the Word document version of the current Burke Town Plan, send that draft to NVDA for review, then finalize edits at the next meeting, then set a date for a public hearing on the Burke Town Plan.

The group discussed topics for consideration after the current edits to the Burke Town Plan go to public hearing. There are a few ways to consider future topics: we as the PC can agree on topics and present them to the public via amendments or changes to the town plan; we can solicit topics from the selectmen or other representatives of the town, or we can address the town plan as is and confirm that the plan consistently supports the town's named values in the Burke Town Plan.

David made the motion to adjourn. James seconded. The motion passed unanimously.
