

Town of Burke

Conservation Commission Meeting

February 19, 2020

Present: Elise Lawson, Cathie Wheeler, Kevin Mack, Joan Harlowe

Pete's Pond: the property has sold. We hope to learn if the new owners would consider conserving the property.

Google Drive Share Elise has created a Google Drive Share folder which we can use and add to.

Public programs;

Winter:Ann Lawless of the Heat Squad spoke in January. Her talk was informative, although attendance was small.

Spring: Matt Clark and Matt Langlais will attend the BCC April meeting. Matt Clark uses a drone to survey woods to inventory ash trees. We may plan a date for training for Emerald Ash Borer.

Another possibility is a person from Fish and Wildlife speaking about Act 171, to address forest fragmentation.

Respectfully submitted,

Joan Harlowe
